Journey Overview

Explore Rwanda in greater depth with a visit to the Nyungwe Forest National Park probably the best preserved rainforest in the mountains of Central Africa.

Nyungwe Forest is one of the oldest rainforests in Africa and is rich in biodiversity. Its mountainous terrain teems with wildlife including 13 different primate species, such as the Angola colobus monkey and chimpanzee, more than 300 bird species and over 75 different types of mammal. The newly opened One&Only Nyungwe House is located in a working tea plantation beside the rainforest and welcomes guests to small clusters of rustic lodge-style rooms and suites providing front-row seats to the forest magic. A range of cultural and active experiences including daily hikes are on offer as well as treatments in the One&Only Spa.

This extension is only bookable in conjunction with our 'Gorillas of Rwanda' journey.
