Itinerary

Day 1: Dubrovnik, Croatia – Kotor – Sveti Stefan, Montenegro

Leave Dubrovnik and travel southeast along the Konavle Valley, crossing the border into Montenegro and onwards to Kotor. The route takes you to Boka Kotorska, the most southerly fjord in Europe and one of the most beautiful bays in the area, where precipitous mountains rear up from azure waters. Continue past Risan and Perast and visit the Church of Our Lady of the Rocks, a Baroque edifice that was first constructed in 1452 on a man-made islet. According to legend, the islet was created over the centuries by seamen who, after returning from each successful voyage, laid a rock in the bay. As time passed, the islet gradually emerged from the sea. The church contains 68 magnificent paintings by Tripo Kokolja, a 17th century artist from Perast. His most important painting, around nine-metres long, is "The Death of the Virgin".

This afternoon, visit the city of Kotor, a UNESCO World Heritage Site. Within its walls discover many bustling squares where locals congregate to sit and chat and enjoy a glass of wine or a cup of coffee watching the world go by. Stroll through town and recharge at any one of the many cafés before arriving at the tiny islet of Sveti Stefan, which is joined to the mainland by a narrow isthmus, and your stylish hotel.
