Itinerary

Day 1: Arrive Launceston - krakani lumi

Arrive into Launceston and transfer to the Aboriginal Elders Centre, to be welcomed by a palawa elder. After a traditional morning tea and a chance to view important artefacts and historical photos you will be issued with equipment, as needed. Soon after you head out on the scenic drive north to the trail head while learning about the Aboriginal and European history of the districts you pass through.

After a 'welcome to country' and 'smoking ceremony' walk to the summit of wukalina for a picnic lunch and magnificent 360-degree views. On a clear day truwana (Cape Barren Island) is visible, and you will hear stories of the significance of truwana and the other Furneaux Islands - historical and contemporary heartlands of the palawa community and culture.

After lunch, take the newly crafted walking track to your purpose-built camp (krakani lumi) at Cobler Rocks, stopping along the way to hear cultural and botanical interpretations from your qualified guides, on the lookout all the while for endemic flora and fauna.

Time to relax before pre-dinner drinks and a traditionally inspired seafood feast. Your evening activities include interaction with a palawa elder and the telling of the palawa creation story.

Day 2: krakani lumi

After breakfast take the traditional coastal pathway, where significant Aboriginal middens are located. Along the way, your guide will share information on traditional food sources, medicines and native animals. After lunch in camp, there are cultural sessions including kelp and reed basket making, crafting and playing clap sticks, and working with shells and native animal furs.

Follow your traditional dinner of mutton bird, wallaby, and doughboys with a starlit night walk where you may encounter native wildlife such as wombats (prupilathina), wallabies (payathanima) and kangaroos, as well as possums and other Australian fauna in this untouched landscape.
